

Old Bremerton Gas Works Site, EPA Region 10
Communication Log

Site Name: Old Bremerton Gas Works Site

Contact Name: Norm Peck- Washington Department of Ecology

Contact Phone: (425) 649-7047

Contact Title: investigating officer

Contact E-Mail: nope461@ecy.wa.gov

Date Contacted: August 18, 2006

Time Contacted: 10:35 AM

Contacted By: Lesa Nelson- TechLaw, Inc.

Summary of Communication:

- Site was listed as contaminated with PAHs and Metals. He did not remember if the site was listed because of suspected PAHs and Metals based on contaminants of concern at Gas Works Sites or because of analytical data from the sampling event.
- They did notice a black gooey substance in the intertidal zone below the site that had a distinct creosote odor.
- The Bremerton Gas Works Site bought equipment from other Gas Work Sites that were shutting down. The Bremerton Gas Works Site started operation later than other gas work sites and stayed in operation later than other gas work sites.
